

Fireworks — Notes for Club Leaders

Introduction

This interactive toy shows fireworks exploding in the sky wherever you click and plays the sound of the fireworks exploding.

Skills

This project covers:

- Responding to clicks
- Changing the appearance of sprites
- Playing sounds
- Broadcasting and receiving events
- Coordinates

Resources

This project uses resources found in the Scratch Backgrounds folders as well as the files found in the Fireworks resources folder included in this pack.

Scratch Cards required

- Change color

Basic exercises

- Step 1: Create a rocket that flies towards the mouse
- Step 2: Make the rocket explode
- Step 3: Making each explosion unique
- Step 4: Fixing the Broadcast Bug
